Unfortunately, due to the cost of the displays + freight, we have no choice but to charge our customers & insist upon a signed contract. This is something we always try hard to avoid. With the e-cigarette products being so new, few displays have been made, making the cost very high. We are splitting the cost of the display with our customers.

The contract is a 6-month agreement to keep the Fifty-One Trio Case full and on your counters. An additional \$75 one-time credit will be given in 6 months from the date of purchase if the contract has been upheld. Within 6 months, if you have complied with the rules of the contract, you will essentially have paid nothing towards the cost of the Fifty-One Trio Case.

Why should you buy our ECig Case?

#1 Reason ~ Price is Right!
